Study an affordable online postgraduate degree in education from a university ranked in the world’s top 1%*

The Master of Education is an affordable degree designed for educators who are looking to take the next step in their career or gain advanced knowledge in the field of education.

Building on your professional knowledge and experience, this course offers engaging and intellectually challenging units of study that contain relevant, current and cutting-edge knowledge and research in a range of specialist areas.

Delivered by dedicated educators and researchers, this course comprises coursework and a research project where you can investigate an area of personal or professional interest.

You can choose to study one of the following pathway options:

- STEM
- Advanced pedagogies
- Language, literacy and applied linguistics.

You can also study across pathway options.

This course is useful for those aspiring to promotion in school systems.

*SJRU 2017
